WELCOME TO TRYON RESORT AND TRYON INTERNATIONAL EQUESTRIAN CENTER.

From carousel to competition, our mission is to celebrate the magic of the horse, grow equestrian sport, and increase access to this majestic animal.

As we enter our fifth year of equestrian competition at Tryon International Equestrian Center, we reflect on our January 2014 groundbreaking and a handful of competitions we held that year. Thanks to the support from our amazing community and our dedicated team, we multiplied those early shows over the years into a 2018 season that will showcase 12 weeks of FEI Show Jumping, one CDI Dressage competition, and one 3* Eventing competition, plus the world's largest equestrian competition – the FEI World Equestrian Games™ – this September 11-23.

For horse enthusiasts of all ages and interests, Tryon Resort continues to deliver the ultimate equestrian lifestyle experience. Keep an eye out as we add new event venues, lodging, amenities and equestrian facilities to the Resort.

Remember to take advantage of the family-friendly, carnival atmosphere at our “Saturday Night Lights,” where general admission and endless fun are both free and open to the public. Pair your visit with a meal in one of our many restaurants and of course, enjoy the ultimate pleasure of watching world-class horse sport. We offer a full calendar of equestrian sport and family entertainment with year-round dining, shopping and lodging.

Whether you come for a day, a week or the entire season, we look forward to celebrating our shared passion for the horse with you.

Sincerely,

 

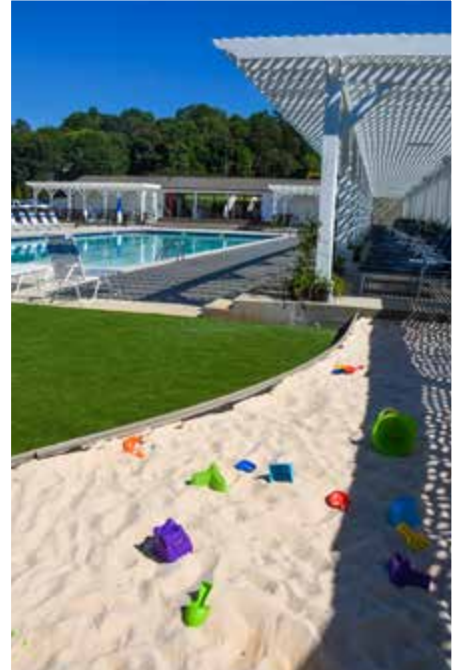

Mark & Katherine Bellissimo

SPECTATOR'S GUIDE

HUNTER/JUMPER HORSE SHOWS

A hunter/jumper horse show is a three- to five-day event made up of many mini-events that take place in the show rings each day, called Classes. There are three main class categories: Show Jumpers, Hunters, and Equitation. Classes are further subdivided by rider age/experience level, skill of the horse, size or age of the horse or pony, etc, all of which determine what size and type of a fence the horses and riders will jump.

GRAND PRIX SHOW JUMPING

Jumping is the best known and is also one of the three Olympic equestrian sports, along with Dressage and Eventing. As in all Equestrian sports, men and women compete on equal terms. The Olympic sport of Grand Prix Show Jumping is the highest and most challenging level of Jumping competition. Riders compete over a set course of obstacles as tall as 1.60 meters (5.25 feet) in height. They must clear all of the fences without knocking down a rail and within the time allowed in order to return for the second round, also known as the "jump-off," and be the fastest with the least faults to win.

GUIDE TO SHOW JUMPING SCORING

Penalties in Show Jumping competitions are referred to as "faults." Knocking down a rail or a pole on a jump is 4 faults, as is putting a foot in the water jump or the first refusal. In Table II jumper classes, falls and going off-course result in elimination, as does a second refusal.

SHOW JUMPING FAULTS AND PENALTIES

Knocking over a jump: 4 faults
Refusing a jump: 4 faults
Two refusals: Eliminated
Rider falls off: Eliminated
Over the time allowed: 1 fault for every second or portion thereof over the time allowed.

CONCOURS DE DRESSAGE INTERNATIONAL - CDI

The ranking system for Dressage with the same stalling system as for Show Jumping.

HUNTERS

Hunt seat competitions are based upon elegant traditions arising from the foxhunt. Hunters differ from jumpers because they are judged on the style, movement, and technical proficiency of the horse and rider within the constraints of the set course design. Hunters should display jumping ability, manners, style, an even pace, and quality.

EQUITATION

Equitation competition is offered for junior and amateur riders and is judged based on the style and form of the rider. Horses are not judged in this discipline, but successful riders will ensure that their horses are well behaved. Riders can be judged over fences or on the flat.

DRESSAGE

Dressage is a competitive equestrian sport, defined by the Federation Equestrian International (FEI) as "the highest expression of horse training." The rider will be relaxed and appear effort-free while the horse willingly performs the requested movement. In modern Dressage competition, successful training at the various levels is demonstrated through the performance of "tests", which include a prescribed series of movements ridden within a standard arena. Dressage is considered the most artistic of the equestrian sports and can be traced back centuries. The Freestyle is especially choreographed and performed to music.

FEI

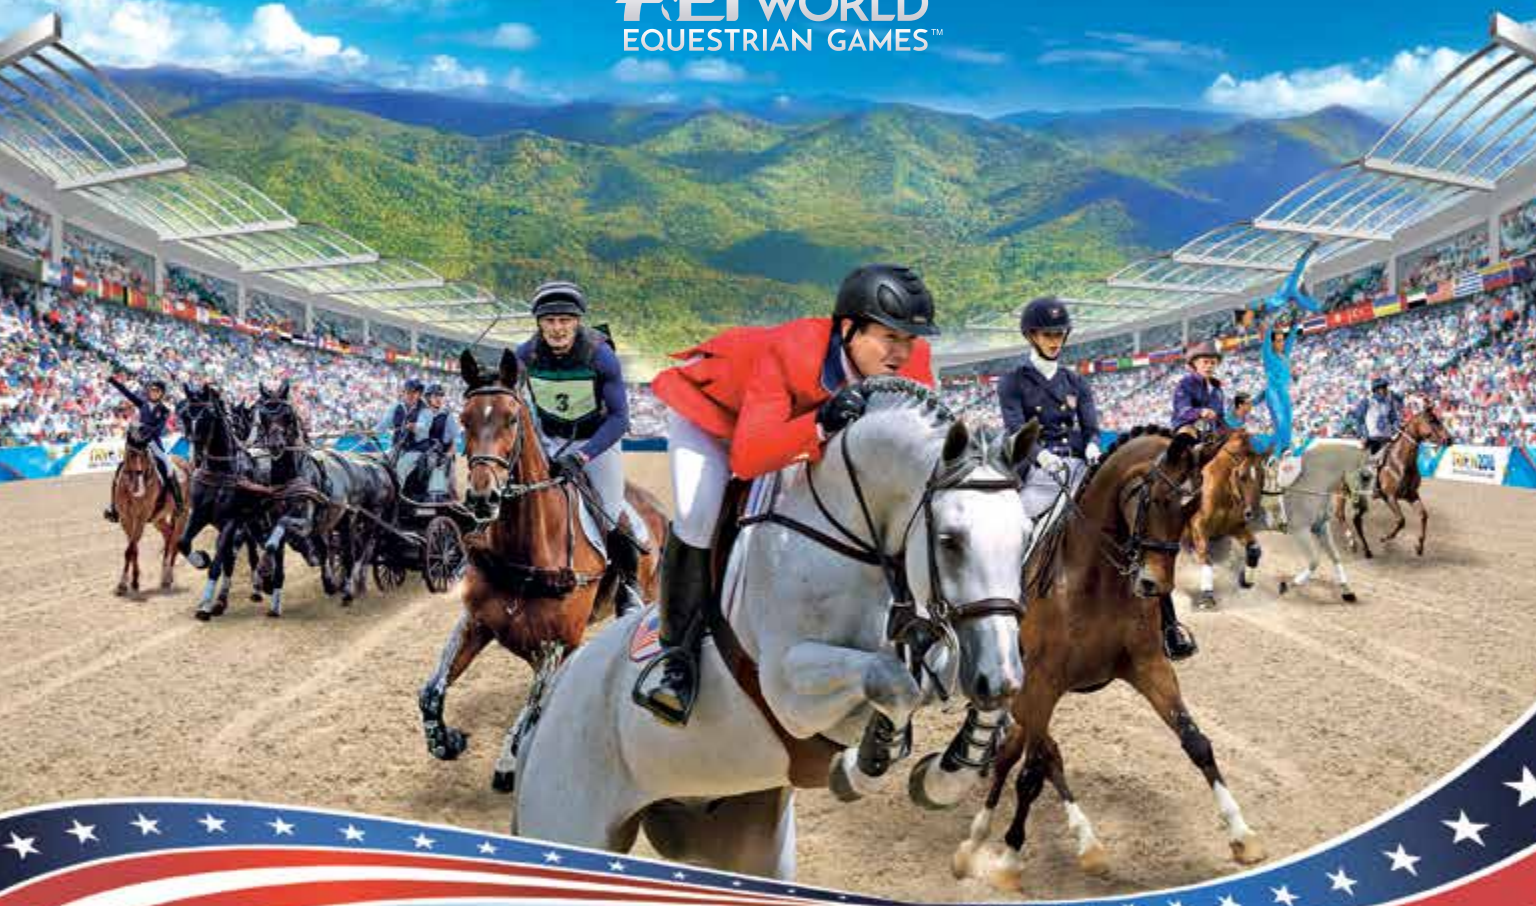

Federation Equestrian International (FEI) is based in Lausanne, Switzerland and is the governing body for all Olympic equestrian disciplines.

CONCOURS DE SAUT INTERNATIONAL - CSI

The ranking system for Show Jumping. CSI is broken down into a stalling system, the higher the prize money the higher number of stars: e.g. CSI 5* prize money over \$500,000. CSI-W is a Show Jumping world cup competition.

THE DOVER SADDLERY EQUINE SIMULATOR

TIEC now offers training on the world-class equine simulator invented by Racewood Equine Simulators. Instructor Barbro Ask-Upmark is a USDF Gold, Silver and Bronze medalist. Lessons are available for novice to professional.

With 3 big interactive screens and new, cutting edge technology, this Simulator is the first and only one in the world that can do EVERYTHING! You ride a life-like ride on a "horse" that is 100% obedient, responding to your seat, legs and hands.

With the instructor standing next to you at all times, you are able to perfect your seat and posture in all gaits, connection to the bit, and your aid precision in all movements. This "horse" performs great, realistic piaffe and passage and also can jump a Show Jumping course or go Cross Country with big jumps!

On the Simulator, your riding will greatly improve in a very short period of time. This is the world's first Equine Simulator of its kind, using exciting new flight simulation to replicate the movement of a 15-hand horse.

Whether it is to perform intricate Dressage steps, to clearing 1.2m fences in a Show Jumping arena or on a fast-paced and unpredictable Cross Country course, this "horse" can do it.

For reservations and inquiries, please email baskupmark@tryon.com or call 828.863.1000.

THE POLO SCHOOL AT TRYON RESORT

Launched in 2017 as the first educational program for Tryon Resort, The Polo School accepts students from all ages, riding levels, and disciplines for polo lessons available seven days a week by appointment. The Polo School returns to Tryon International Equestrian Center May through October 2018.

Experienced polo ponies are available for lessons under the instruction of Gates Gridley, accomplished polo player and Gladiator Polo™ Manager. The Polo School ponies live on-site at TIEC, and lessons take place in designated arenas on property. Lessons are offered at introductory rates, in groups or privately. Discounted lesson packages are available.

The innovative Polo Simulator is also returning to Tryon, and is a unique opportunity to shorten the learning curve and hone skills with a ball and mallet. Whether you've been riding for years or are brand new to polo, the simulator can get you in game shape faster!

To inquire about polo lessons or the polo simulator, contact Gates Gridley at jgridley@equestriansport.com or visit www.Tryon.com for more information.

GLADIATOR POLO™

Gladiator Polo™ originated in Wellington, FL as a way to expand the reach of equestrian sport to fans of action-packed events like hockey or football. It combines elements of both Field Polo and Arena Polo and in just under a year has garnered both a national and international following.

Contrary to traditional equestrian competitions where audience participation is encouraged only before and after a rider competes, Gladiator Polo™ is fueled by a rowdy crowd. Spectators are encouraged to cheer on their favorite team throughout the entire match.

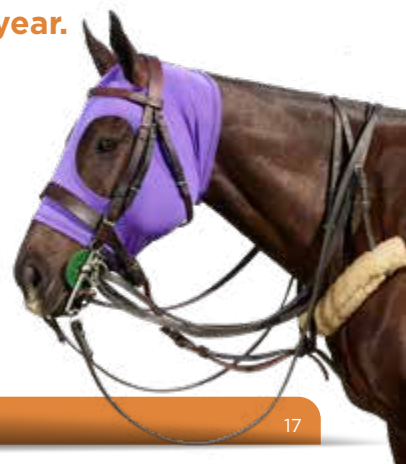

There are two teams of three players pitted against each other in a small, enclosed arena, giving spectators an up close and personal look at the action. In this Roman-themed event, horse and rider teams wear distinctive colors – from the players' helmets all the way down to the horses' leg wraps – making it easy for spectators to follow the game and cheer on their favorite side.

The match is played on a regulation 300-feet by 150-feet field, enclosed by walls of four or more feet in height. The game consists of six chukkers each lasting for five minutes. Riders change horses at the end of each chukker. Gladiator Polo™ does not require the large number of horses to play that outdoor/grass polo demands. Many players use horses twice, alternating horses each chukker.

The game ball is similar to a mini soccer ball, larger than the small and hard plastic ball used outdoor. While the larger size gives the new player confidence in hitting the ball, proper technique is necessary because the arena game is played on a sand mixture with the ball bouncing on the uneven surface and off the arena walls.

Gladiator Polo™ can be played either indoors or outdoors, day or night under lights and weather permitting, all year around. Many clubs only play Arena Polo due to the high cost of maintaining grass fields and the smaller field size required.

**Look for Gladiator Polo™ to return to TIEC this year.

VISIT

DON'T MISS IT!

While at Tryon Resort, be sure to peek at these iconic landmarks around the venue, several of which make great selfie spots!

The **WEG Art Horse** statue honors the multidisciplinary nature of the FEI World Equestrian Games™ (WEG). Local artist Barbour Bordogna is the creative talent behind this striking work of art that was donated to Tryon Resort in 2017 by Karl Small. The vibrance, attention to detail and jaw-dropping beauty featured on the life-size fiberglass horse is perfect for photo-ops, especially in celebration of Tryon 2018! Use the hashtag #WEGarthorse on your post, and your photo just might be featured on our social media pages!

The **Community Recognition Plaque** located in front of Legends Club features the names of over 60 companies and 700+ people who worked together as a team to construct TIEC from its groundbreaking in January 2014 to its grand opening in June 2015. Their immense dedication and hard work continues to play a significant role in bringing this premier equestrian lifestyle destination to life.

OUR NAMESAKE

Even if you're a longtime visitor to Tryon Resort and Tryon International Equestrian Center, you might not know the history behind our name. In 1768, Tryon County included not only Polk County where our venue resides, but 13 of the following contemporary counties: Polk, McDowell, Rutherford, Cleveland, Lincoln and Gaston Counties in North Carolina; Greenville, Spartanburg, Laurens, Newberry, Union, Cherokee, York, and Chester Counties in South Carolina. While in 1772, the region was subdivided to only include the counties in North Carolina and was dissolved in 1779, the equestrian history and culture of the larger Tryon region has a living legacy in both states, and through our name, Tryon International Equestrian Center at Tryon Resort is proud to honor the entire region that we call home.

Ever see a building made out of an actual silo grain? Here at Tryon Resort you can grab a bar stool or one of several cozy hammocks at **The Silo Bar**, constructed from real grain silo. Pick your pleasure and enjoy a beverage by the firepit while watching Jumping warm-ups at night, swing in shaded hammocks during the day, grab a bite to eat while enjoying live music, or sing your heart out behind the mic on karaoke nights. There's no better place to unwind or liven things up!

A signature attraction at Tryon Resort, the stunning hand-painted Venetian Carousel is sure to catch your eye. The carousel symbolizes Tryon Resort's vision of celebrating the universal love of horses. Both children and adults can enjoy free carousel rides and make lasting memories at Tryon Resort.

Did you know that TIEC is home to not just one, but four of the world's eight two-meter Rolex Clocks? Find the iconic timepieces on the Rolex Clock Tower located above Legends Club overlooking all of TIEC.
