THE SPECTATOR'S GUIDE

To Equestrian Competition

HUNTER/JUMPER HORSE SHOWS

A Hunter/Jumper horse show is a three to five-day event made up of many mini-events that take place in the show rings each day, called classes. There are three main class categories: Show Jumpers, Hunters, and Equitation. Classes are further subdivided by rider age and experience level, skill of the horse, size or age of the horse or pony, etc., all of which determine what size and type of a fence the horses and riders will jump.

HUNTERS

Hunt seat competitions are based upon elegant traditions arising from the foxhunt. Hunters differ from Jumpers because they are judged on the style, movement, and technical proficiency of the horse and rider within the constraints of the set course design. Hunters should display jumping ability, manners, style, an even pace, and quality.

EQUITATION

Equitation competition is offered for junior and amateur riders and is judged based on the style and form of the rider. Horses are not judged in this discipline, but successful riders will ensure that their horses are well behaved. Riders can be judged over fences or on the flat.

GRAND PRIX SHOW JUMPING

Jumping is the best-known and is also one of the three Olympic equestrian sports, along with Dressage and Eventing. As in all equestrian sports, men and women compete on equal terms. The Olympic sport of Grand Prix Show Jumping is the highest and most challenging level of Jumping competition. Riders compete over a set course of obstacles as tall as 1.60 meters (5.25 feet) in height. They must clear all of the fences without knocking down a rail and within the time allowed in order to return for the second round, also known as the “jump-off,” and be the fastest with the least faults to win.

GUIDE TO SHOW JUMPING SCORING

Penalties in Show Jumping competitions are referred to as “faults.” Knocking down a rail or a pole on a jump is 4 faults, as is putting a foot in the water jump or the first refusal. In Table II jumper classes, falls and going off-course result in elimination, as does a second refusal.

Show Jumping Faults and Penalties:

- Knocking over a jump: 4 faults
- Refusing a jump: 4 faults
- Two refusals: Eliminated
- Rider falls off: Eliminated
- Over the time allowed: 1 fault for every second or portion thereof over the time allowed.

CONCOURS DE SAUT INTERNATIONAL - CSI

CSI is the ranking system for Show Jumping. CSI is broken down into a starring system, the higher the prize money the higher number of stars: e.g. CSI 5* prize money is over \$500,000. CSI-W is a Show Jumping world cup competition.

DRESSAGE

Dressage is a competitive equestrian sport, defined by the Federation Equestrian International (FEI) as “the highest expression of horse training.” The rider will be relaxed and appear effort-free while the horse willingly performs the requested movement. In modern Dressage competition, successful training at the various levels is demonstrated through the performance of “tests,” which include a prescribed series of movements ridden within a standard arena. Dressage is considered the most artistic of the equestrian sports and can be traced back centuries. The Freestyle is especially choreographed and performed to music.

CONCOURS DE DRESSAGE INTERNATIONAL-CDI

CDI notes the ranking system for Dressage with the same starring system as for Show Jumping.

PARA-DRESSAGE

Para-Dressage is conducted under the same basic rules as conventional Dressage, but with riders divided into different competition grades based on functional abilities. There is no greater evidence of the incredible bond, trust and communication between horse and rider than in Para-Dressage. This Paralympic sport is a humbling reminder of the strength of the human spirit.

EVENTING

Eventing, one of the three Olympic equestrian disciplines, is a formidable combination of Dressage, Cross-Country, and Show Jumping, done over three days and with the same horse for each phase of competition. Often known as the triathlon of the equestrian world, Eventing is a sport that tests both the horse and rider in all aspects of horsemanship and athleticism.

GLADIATOR POLO™

Gladiator Polo™ is a professional arena polo league that combines the world's best polo players with modified rules that keep the play fast. The event is played in a ring with all-weather footing approximately 1/10th of the dimensions of a typical grass polo field for an engaging and spectator-friendly sport. There are three players on each team, with six “chukkers” (or periods of play) within each match. Learn more at GladiatorPolo.com.

REINING

Reining originates from the working movements of horses and riders when herding cattle and is a judged event designed to show the athletic ability of ranch-type horses in an arena setting. With large fast circles, flying lead changes, 360-degree spins and sliding stops all required within individual performances, Reining is one of the only Western disciplines featured at TIEC on an annual basis.

FEI

Fédération Équestre Internationale (FEI) is based in Lausanne, Switzerland and is the governing body for all Olympic equestrian disciplines.

For Those Who Love Learning

TIEC offers training on the world-class equine simulator invented by Racewood Equine Simulators. Instructor Barbro Ask-Upmark is a USDF Gold, Silver and Bronze medalist, providing onsite instruction to novice and professional riders alike in Dressage or Jumping. Private lessons are available by appointment only.

With three big interactive screens and new, cutting-edge technology, this Simulator is the first and only one in the world that can do EVERYTHING! Ride on a lifelike “horse” that is 100% obedient, responding to your seat, legs and hands, for a great ride every time.

With the instructor standing next to you, you are able to perfect your seat and posture in all gaits, connection to the bit, and your aid precision in all movements. This “horse” performs great, realistic piaffe and passage and also can jump a Show Jumping course or go Cross-Country!

On the Simulator, your riding will greatly improve in a very short period of time, using exciting flight simulation technology to replicate the movement of a 15-hand horse.

AMERICAN HOBBY HORSE SERIES

For Kids Who Love Horseless Horse Showing

A favorite at TIEC on Saturday nights throughout the year, competitive hobby horsing originated in Finland and has more than 10,000 active participants around the globe. Open to any participants under the age of 14, all that’s required for this horse-less sport is a hobby horse, a toy consisting of a stick with a horse head that participants “ride.”

HOW DOES IT WORK?

Riders 4 to 14-years-old complete a course of jumps with their hobby horse, scored for time, and will incur one fault for every rail knocked down while on course. The top eight placing participants will be awarded ribbons for each division, and special awards will be given throughout the event.

DIVISIONS AVAILABLE:

- Ages 6&U: Cross-rails; 18in.
- Ages 7-8: Cross-rails; 18in.
- Ages 9-11: 18in; 2ft.
- Ages 12-14: 2ft.; 2ft. 6in.

HOW DO I SIGN UP?

Visit Tryon.com and register on the American Hobby Horse page within the Spectators tab. Participants MUST register online by 12:00pm on the day of competition to be eligible to compete for prizes. For more information about hobby horse, please contact hobbyhorse@tryon.com.

VISIT

For All Who Love to Explore

DON'T MISS IT!

While at Tryon Resort, be sure to peek at these iconic landmarks around the venue, several of which make great selfie spots!

The **WEG Art Horse** statue honors the multi-disciplinary nature of the FEI World Equestrian Games™ Tryon 2018 (WEG), hosted at TIEC September 11-23, 2018. Local artist Barbour Bordogna is the creative talent behind this striking work of art that was donated to Tryon Resort in 2017 by Karl Small. The vibrance, attention to detail and jaw-dropping beauty featured on the life-size fiberglass horse is perfect for photo-ops, especially in celebration of Tryon 2018! Use the hashtag #WEGarthorse on your post, and your photo just might be featured on our social media pages!

The **Community Recognition Plaque** located in front of Legends Club features the names of over 60 companies and 700+ people who worked together as a team to construct TIEC from its groundbreaking in January 2014 to its grand opening in June 2015. Their immense dedication and hard work continues to play a significant role in bringing this premier equestrian lifestyle destination to life.

OUR NAMESAKE

Even if you're a longtime visitor to Tryon Resort and Tryon International Equestrian Center, you might not know the history behind our name. In 1768, Tryon County included not only Polk County where our venue resides, but 13 of the following contemporary counties: Polk, McDowell, Rutherford, Cleveland, Lincoln and Gaston Counties in North Carolina; Greenville, Spartanburg, Laurens, Newberry, Union, Cherokee, York, and Chester Counties in South Carolina. While in 1772, the region was subdivided to only include the counties in North Carolina and was dissolved in 1779, the equestrian history and culture of the larger Tryon region has a living legacy in both states, and through our name, Tryon International Equestrian Center at Tryon Resort is proud to honor the entire region that we call home.

Ever see a building made out of an actual silo grain? Here at Tryon Resort you can grab a bar stool or one of several cozy hammocks at **The Silo Bar**, constructed from real grain silo. Pick your pleasure and enjoy a beverage by the firepit while watching Jumping warm-ups at night, swing in shaded hammocks during the day, grab a bite to eat while enjoying live music, or sing your heart out behind the mic on karaoke nights. There's no better place to unwind or liven things up!

A signature attraction at Tryon Resort, the stunning hand-painted **Venetian Carousel** is sure to catch your eye. The carousel symbolizes Tryon Resort's vision of celebrating the universal love of horses. Both children and adults can enjoy free carousel rides and make lasting memories at Tryon Resort.

See for yourself.
